Events

# S08-L03 Events

```
CREATE EVENT `sample_staff`.`ev_test_event_counter`  
  ON SCHEDULE EVERY 1 SECOND  
  STARTS NOW()  
  ENDS NOW() + INTERVAL 1 MINUTE  
  COMMENT 'Test event'  
  DO  
    BEGIN  
      UPDATE `event_logger`  
      SET counter = counter + 1  
      WHERE event_name = 'Test event'  
    ;  
  END
```

Schedule events to run at exact time  
or every second / minute / hour / ...

Events can call stored procedures.

```
18  
19 SHOW EVENTS;  
20
```
